Specification: Cesco Hydraulic Transit Mixer 10m³ Trailer

Item	Dim.	Description	10 m ³
2		Total Barrel Volume	16.2 m ³
3		Mixing Capacity to AS1379 - 2007	10 m ³
7		Water System	300 litre alloy p.w.s.
8		Controls	Remote
9		Trunnion Rollers	Steel
10		Chutes – 2 x Extension, 1 x Placement	Poly
11		Barrel Specification:	
12		Dished End	8mm High tensile
13		Back Cone	5mm High tensile
14		Centre Band	5mm High tensile
15		Nose Cone	5mm High tensile
16		Mix Blades	5mm High tensile
		Discharge. Blades	3mm High Tensile

Note: Specifications and mixer layout are for references only and subject to actual applications and components availability.

Advances in design or improvements in materials are incorporated without delay, consequently we reserve the right to alter details given on this specification sheet without notice. Operating weight and centre of gravity may vary depending on selected options.
