

★★ OCTOBER SERVICE SPECIAL ★★

BOWL RE-BLADE

Save yourself the cost of a new bowl, by having the Cesco Workshop professionally re-blade your bowl.

Cesco Australia's most impressive competitive advantage is its world-first pressed blade system design. Inclusive of 8 specific blade segments to complete the unique blade system, it provides a precise pitch and spiral to meet the toughest specifications and achieve efficient mixer quality.

Manufactured to meet the Australian Standard AS 1379-1991 and approved by NATA laboratories for mix uniformity - we can guarantee mix uniformity up to 50mm slump. This system can also be retro-fitted to meet the same standard.

Special Price: From \$2,800.00 + GST
