

## ★ MARCH SPECIAL #5 ★

### Spiral Air Mover - 15% OFF

Solve your Ventilation problems safely & easily

- Ventilation
- Fume Extraction
- Cooling
- No moving parts

Spiral Air Movers are able to supply fresh air into confined areas, or evacuate harmful fumes from tunnels, Agi Barrels or any type of enclosed space.

The SAM 8 unit is operated by using compressed air through an easy-connect coupling system through a series of jets; creating a spiral air flow which entrains surrounding air to give a huge air flow.

\* Uses 75CFM / 35.5 LPS @ 100 PSI while producing approximately 2250CFM output flow \*

**SALE PRICE \$2,089.00+GST**

\* Quote Code CMBL5 for this Special Rate

\*\* Price Valid till 31/03/20
