

★ **MARCH SPECIAL #4** ★

Blovac Dragin Pump Kit-15%OFF!

The Blovac Dragin Pump has been designed to recover liquids from machine tools, sumps and open pits into a standard closed-head drum.

Powered by compressed air to generate a vacuum in the drum, Dragin Pump is a fast, efficient and safe way to remove coolants, used oil, solvents, sludge, hydraulic oil, metal chips and other industrial wastes.

* RECOVERS UP TO 40 LITRES OF LIQUID PER MINUTE *

SALE PRICE OF \$ 297.50 + GST

* Quote Code CMBL4 for this Special Rate

** Price Valid till 31/03/20
