**PUMPS - WE ARE OVER-STOCKED -
SO YOU GET THE BENEFIT!**

One of the world's best hydraulic pumps, designed for consistently hard work over a long life is the Rexroth variable displacement piston pump. Bosch Rexroth pumps and motors are famous for their robust design, longevity and for their performance.

The **Rexroth 71cc EDC (electrical controlled) pump** is the current preferred production for Cesco 6.5m³ & 7.5m³ mixers, paired together with ZF3301 & ZF4300 Gearboxes and the ever-reliable Rexroth 56cc Motor.

This month we can offer you a non-repeatable price on the **Rexroth 71cc EDC pump** at: -

ONLY \$3,250.00+GST

(\$save \$725 off the normal RRP)
