

FEBRUARY SPARE PARTS SPECIAL #4

THE AGI-CON - ACM-01 ELECTRICAL CONTROL SYSTEM

This month \$AVE over \$350.00 OFF!

As you may be aware Woodtech Electronics closed their doors late 2024. Welcome to one of Cesco's new Electrical Control systems that replaces Woodtech – the **Agi-Con ACM-01**. This easy to use and highly responsive system represents great cost saving and incorporates the following features: -

- System set up individually to exact requirements of truck electrical controls
- Well laid-out push button navigation on Cab control console
- Function controls featured in LCD Display, along with Emergency Stop Button
- Constant Transit Mode automatically increases or decreases based on engine speed
- Wash Out cycle function for easy maintenance cleaning of Barrel
- Multi-function 4 section display on LCD gives control over a variety of systems functions

ONLY \$3,287.00 + GST - \$AVE over \$350.00
