

★ FEBRUARY SPECIAL #1 ★

The renowned ZF4300 GEARBOX

- **The ultimate choice for the astute Agi Owner**

For a number of years the ZF4300 Gearbox has been the foremost choice for 8 Wheeler mixers - along with the ZF 3301 Gearbox for 6 Wheelers. Both offers owners a long-serving, dependable and cost-effective solution for mixer track drives.

ZF is one of the world's leading manufacturers of transmission and driveline systems. The ZF4300 a multi-stage planetary gearbox system that delivers superior torque in a high torque-to-weight ratio, both compact and efficient in design and operation.

The ZF4300 is an ideal application for 8 Wheeler Agi trucks and is designed to maintain smooth and reliable drum rotation, even under the harshest and hottest of challenging working conditions.

The ZF4300 Gearbox (the ideal choice for 8Wheelers)
